

INFRARED

Students should bring two rolls of infrared film to class. Film may be purchased at Blue Moon Camera and Machine, or Pro Photo Supply.

Recommended film types:

Efke IR820C

Ilford SFX 200

Kodak HIE

Maco IR820C

Konica IR750

Students must also bring their own red filters, as filter sizes can vary. For digital shooters, the opaque IR filter they Hoya R72 is highly recommended.
